Washington, D.C. 20010

Dear Mr. Wenger:

Thank you for your May 13 letter to Deputy Secretary Christopher regarding Afghanistan. We very much appreciate having your views and suggestions.

We are of course following developments in the area closely and are aware of the activities of Afghan dissidents. However, we are not interfering in any way in Afghanistan's internal affairs.

With regard to your question about an official report on the death of Ambassador Adolph Dubs in Kabul, I should inform you that we are still conducting an investigation into the incident which led to his death and no report is available at this time. When our investigation is complete, we anticipate that as full a report as possible will be available.

Sincerely yours,

DEPARTMENT OF STATE A/CDC/MR
